

What data is included within a CIPFAstats survey?

If you do not have a subscription to a particular survey you can review a list of the column headings and the data format.

1. Login to CIPFAstats.net, (please see our [getting started guide](#) if you have not registered) if you do not have any subscription then you will get the red banner shown below. If you have a subscription, but not to the survey that you are interested in then please follow the same instructions.

Welcome to CIPFA Information Services

Our statistics and research provide accurate and timely information on a range of issues such as service usage, service costs, customer satisfaction and policy development. These are used as an invaluable resource across the public sector by managers to make decisions, compare performance, identify trends, review processes and outputs, and to manage their resources more effectively.
